

SWEDISH 1943-1969 M/43 UNIFORMED TANK CREWS

The m/43 overall was introduced in 1943 to first complement and eventually replace the earlier m/39 uniform, which was essentially only a cavalry uniform. The uniform also featured more modern fiberglass helmets which replaced the berets and leather helmets. The uniform and the helmet were black or essentially dark grey after a few washes. The uniform was eventually replaced in 1969 by m/69p uniform. The Figures are suitable for the Gecko Heavy industries GEC72001 Stridsvagn m/41, GEC72002 Stormartillerivagn m/43, GEC72003 PBV301, GEC72019 Stridsvagn m/42, GEC72020 Pansarvärnskanon m/43, GEC72021 Stridsvagn 74 and early GEC72011 Bandkanon Bkn 1 as well as earlier Centurions Strv 101/102s from other manufacturers. The 3d printed figures were developed for Gecko Heavy Industries by RB Rajput (RB Miniatures).
